

Guidelines for Mission Scholarships

Recognizing that the intent of the formation of the mission scholarship fund was to encourage new individuals to actively go on mission events, and that a review of the history of the scholarships indicate that this has not been accomplished the Mission Development Team established the following guidelines for scholarship applicants:

1. An applicant must complete a request for scholarship form.
2. Applicants can apply for scholarships twice within a five year period.
3. Applicants may apply only once per budget year for a mission scholarship.
4. Monies will be distributed along the following scale, up to the maximum listed:
 - a. Judea – (Kentucky) \$150.00
 - b. Samaria (Outside of the Kentucky borders) \$250.00
 - c. Uttermost (Outside of the Continental United States) \$500.00
5. First time applicants, who are going on a first time mission event, will take priority over those who have previously used the scholarship fund.
6. Any undistributed funds at the end of the budget year, will not be “banked” toward the next year.

Respectfully submitted

Mission Development Team
