At OBI, we use volunteers of all skill levels. What we need most are willing fellow laborers who simply come to serve in whatever capacity they are most needed. Your greatest ability is your availability! However, we may be hiring an outside contractor for something you could do even better while you are here, so we need to know about any particular skills you may have. **Please mark only skills you have at a professional, skilled-trade level.** You may indicate an *interest* in working in an area listed in the "Other" section. Thank you!
